ACTION OFFICER [REDACTED]

SUMMARY: Upon receiving OP response that there are no records on subject,

I called Mr. Meier and explained search of personnel records.

I also commented that address [REDACTED] claimed she used to write to CIA was not one I recognized, and therefore probably not received here. I also mentioned that I called the so-called CIA telephone number and got a "Dextra Corp." which appeared to be a private company. I then asked whether [REDACTED] had contacted the Navy Department since she claimed [REDACTED] was a member of the Naval Reserve.

Mr. Meier was not sure about the Navy contact but said we had done more than enough and could not possibly lose records on a "30-year" employee.

Mr. Meier said there was no need for a written response, but took my name and telephone should he have any further questions to ask.
